
QUALITY OF FOOD SURVEY

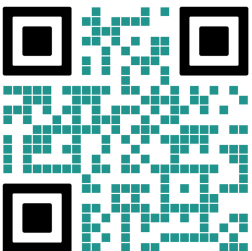

The New Mexico Public Education Department (NMPED) is launching a statewide quality of food survey and we want to hear from primary consumers – your students! NMPED wants learn more about our students' perception of school meals and to continually improve the quality of meal service programs for all students.

It's quick and easy; it shouldn't take more than 5 minutes! Just follow these three simple steps:

1. Visit bit.ly/NMFoodReview.

2. Identify your LEA & school. After selecting your District/LEA, type in the first three letters of your child's school, then select the name of your school from the drop-down menu.

3. Allow your child to answer the questions independently. If your child is an early reader, you can read the questions aloud for them, ask them to select their response, and support them in identifying their response on the survey.

Thank you!
