Superintendent/School Committee Goals Year End Review
SusanMary Redinger reviewed the status of the School Committee/Superintendent goals for the 2020-2021 school year. The measure for goals one and two were met through the hard work of the committee, but goal 3 was not completed.

- Goal 1 - Contract Negotiation
- Goal 2 - Develop and Approve a Budget for FY22
- Goal 3 - School Committee Best Practices

Goals will be an agenda topic at the upcoming School Committee retreat.

SC Self Evaluation Review
SusanMary Redinger shared information for members regarding the School Committee Self Evaluation. It was recommended that members complete the evaluation by July 21st so that the data can be compiled for discussion at the retreat.

Superintendent Evaluation
SusanMary Redinger proposed that the Superintendent evaluation be sent out after the retreat. Dr. Dwight would like to propose a change to the evaluation that would make the information easier to access and less erroneous. Dr. Dwight will share this potential change at the retreat. School Committee members will complete the Superintendent evaluation so that it can be reviewed at the August 30th School Committee meeting.

Summer PD Review
Dr. Dwight explained how the summer curriculum work is assigned and prioritized. Teacher teams presented many varied proposals based on district goals. The leaders evaluated the requests and determined how many proposals could be approved. Most all requests were approved due to the additional funding from the ESSER grant and the teacher’s per diem daily rate for summer work changing to $250 per day in the current teachers contract.

*Shannon Molloy* reported that the testing group met and primarily discussed testing over the summer. The state level testing group met and reported that some of the Binax texts that were about to expire might be able to be distributed to other groups that could use them. Abbot is going to extend the out dates for the test so they learned that they will not expire after all. They also discussed the role of testing, baseline testing and mandated vaccines. This group will continue to meet once per month over the summer.

*Abby Besse* - reported that the Bromfield School Council did not meet.

*Abby Besse* - reported that Parks and Recreation have been meeting and spending time discussing the hiring of the new director. At the last meeting they were able to tie up loose ends regarding payment for the maintenance of the baseball and softball fields. Work still needs to be done on Ann Lee field.
SusanMary Redinger - reported that CPIC met and the composition of the board is changing. There are two positions that need to be filled. They have agreed on the timeline and the documents for the fall.

SusanMary Redinger reported that demolition is progressing and the demo should be done by the end of July. We are on track for the excavation work to be completely done by the end of October.
